- Nationality Myanmar
- Availability Immediately
- Expected Salary Negotiable

EDUCATION

STAMFORD INTERNATIONAL UNIVERSITY

- Bachelor of Science in Information Technology (Software Engineering)
- 2023 – 2026 | GPA: 3.35

YOUTH INTERNATIONAL UNIVERSITY

- Diploma in Computing Pearson BTEC Level 5 (UK)
- 2019 – 2022 | Merit

CERTIFICATION

- HND Computing Foundation (YIU)
- Responsive Web Design (freeCodeCamp)
- JavaScript Algorithms & Data Structures (freeCodeCamp)
- Cloud-Based Web Development (Stamford International University)

PHONE MYAT PAING

SOFTWARE DEVELOPER

Junior Full-Stack Developer | React.js | ASP.NET Core (.NET) | C# | REST APIs | SQL Server

PROFILE

Motivated Software Engineering graduate with hands-on experience as a Software Developer Intern, specializing in React.js and ASP.NET Core (.NET). Skilled in developing responsive web applications, integrating REST APIs, working with C# and SQL Server, and testing APIs using Postman and Swagger UI. Strong problem-solving and debugging abilities with experience collaborating in Agile development environments. Eager to contribute technical skills to a software development team while continuing to grow as a developer.

PROFESSIONAL EXPERIENCE

Software Developer Intern

Bangkok Glass Public Company Limited

Nov 2025 – Mar 2026

Bangkok // Thailand

Duties and Responsibilities

- Developed 10+ reusable React.js components using JavaScript and Tailwind CSS, improving UI consistency and maintainability.
- Built 5+ responsive web pages/features using HTML5, CSS3, JavaScript, and React.js.
- Integrated React.js frontend with multiple ASP.NET Core REST API endpoints for seamless data exchange.
- Consumed and managed JSON data for frontend-backend communication across web application features.
- Validated and debugged multiple REST API endpoints using Postman and Swagger UI.
- Identified and resolved frontend bugs to improve application performance and user experience.
- Collaborated with backend developers to implement and troubleshoot API integrations.
- Leveraged Git/GitHub for version control and collaborative development.
- Assisted in testing, debugging, and validating new features before deployment.
- Followed coding standards and Agile development practices while contributing to web application projects.

TECHNICAL SKILLS

➤ Languages

JavaScript, TypeScript, C#, Python, Java

➤ Frontend

React.js, HTML5, CSS3, Tailwind CSS

➤ Backend

ASP.NET Core, REST APIs, JSON

➤ Database

SQL Server, MySQL

➤ Tools

Git, GitHub, Postman, Swagger UI,

Visual Studio, Visual Studio Code

EXPERTISE

- Able to Work Under Pressure
- Problem Solving
- Team Collaboration
- Communication
- Analytical Thinking
- Time Management
- Attention to Detail
- Adaptability
- Fast Learner

LANGUAGES

- English (Fluent)
- Burmese (Native)

SUMMARY

Software Engineering graduate with practical software development experience through internship and academic projects. Eager to learn, solve problems, and grow as a professional developer.

Best Regards,

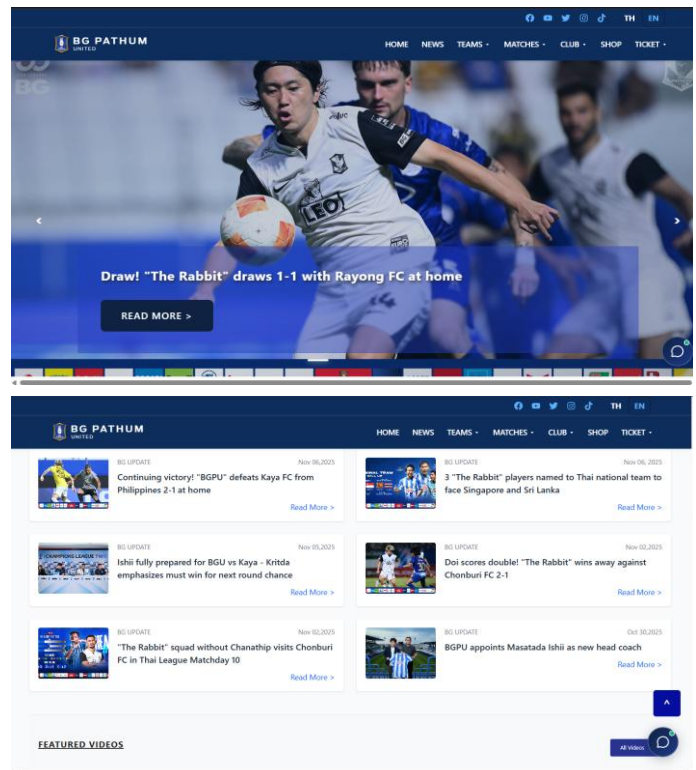

Phone Myat Paing

ACADEMIC PROJECTS

BG Pathum United Football Club Website

- Developed a responsive football club website featuring match schedules, news, player information, standings, and videos.
- Built the frontend using React.js, TypeScript, Tailwind CSS, HTML5, and CSS3.
- Engineered the backend using ASP.NET Core Web API (.NET), C#, and SQL Server.
- Integrated REST APIs, JSON, YouTube API, and Football Data API for dynamic content and live match information.
- Used Git/GitHub for version control and collaboration.
- Project Link - <https://github.com/PhPaing/bg-pathum-united-website>

ATM Management System

- Built a console-based ATM application featuring balance inquiry, deposits, withdrawals, fund transfers, and secure user authentication.
- Developed using C#, .NET, and Object-Oriented Programming (OOP) principles.
- Implemented password validation and account lockout to enhance application security.
- Project Link - <https://github.com/PhPaing/ATM-Management->

Hot Coffee Delivery App

- Developed a mobile application for coffee ordering and delivery with user authentication, menu browsing, cart, checkout, and order management.
- Built using Java, Android Studio, XML, and SQLite/MySQL.
- Designed a responsive user interface and implemented database integration for managing users, products, and orders.
- Project Link - <https://github.com/PhPaing/Hot-Coffee-Delivery-App>
